MIGHTY SNO-BLOWER

The new MIGHTY SNO-BLOWER is a revolutionary flock machine that utilizes German engineering to transform and separate micro fibers into a delicate and even accumulation of "snow like flakes" that looks like the work of Mother Nature herself. You can't tell the difference.

- Mobile light weight plastic cabinet
- For that special look, you can adjust water volume, spray pattern and material flow
- Comes with a Deluxe flock gun, flock hose and water hose
- Save money, this machine's new 'micro separator' will allow you to flock one extra 5-6 ft. tree per bag
- German engineered, built in the U.S.A.

PRO STANDS

What a time saver! Display Christmas trees with the high quality, uniquely designed Pro Tree Stand. In minutes you can give your trees additional weeks of beauty and longevity because of the large water capacity. And in just seconds your tree can be easily straightened for a perfect presentation.

- All steel, forest green powder coated construction
- No sharp edges on the base to gouge floors or snag carpets
- Equal 360° weight distribution for maximum stability
- Made in the USA

The Perfect Tree Stand...as Simple as 1, 2, 3

1. Place stand on tree with the small vertical wedge near center of tree trunk. Hammer in to secure.

2. Start the side screw by tapping/hammering it in and turn the hand crank till flush with tree.

3. To straighten the tree: stand on "low" side, step on the base ring and push the tree away from you.
